FROM:

Lynn McNulty *LM*
Director
Information Systems Security Office

SUBJECT: Status Report on Planned Security
Enhancements for the INR Information
Handling Systems

Reference is made to my memorandum of September 26, 1985, Subject: Status Report on Planned Security Enhancements for the INR Information Handling Systems.

In paragraph (1) "Termination of the link between the INR System and the IBM," I incorrectly specified the projected completion date as March 31, 1985. This sentence should be revised to read as follows:

"... the project will be accomplished not later than ninety days from the date agreed upon by INR and IC officials.

I regret the confusion and concern that may have resulted from this inadvertent error in the preparation of my original document.
